

poliplast

WE LOVE DESIGN

EDITORIALE

Poliplast nasce nel 1970 dall'intuizione di Narciso Bevilacqua, che ha rivoluzionato il settore introducendo i polimeri negli accessori d'arredo. Dopo oltre cinquant'anni, quella passione continua, guidando la progettazione di pomoli, maniglie e piedini che uniscono funzionalità ed emozione.

Con la collezione moderna, Poliplast offre soluzioni capaci di soddisfare le esigenze stilistiche, funzionali e produttive del mercato. Proponiamo design versatili per diversi ambienti e gusti estetici, garantendo qualità e innovazione.

Ci auguriamo che tra le nostre proposte troviate quella perfetta per le vostre esigenze.

Buona ricerca!

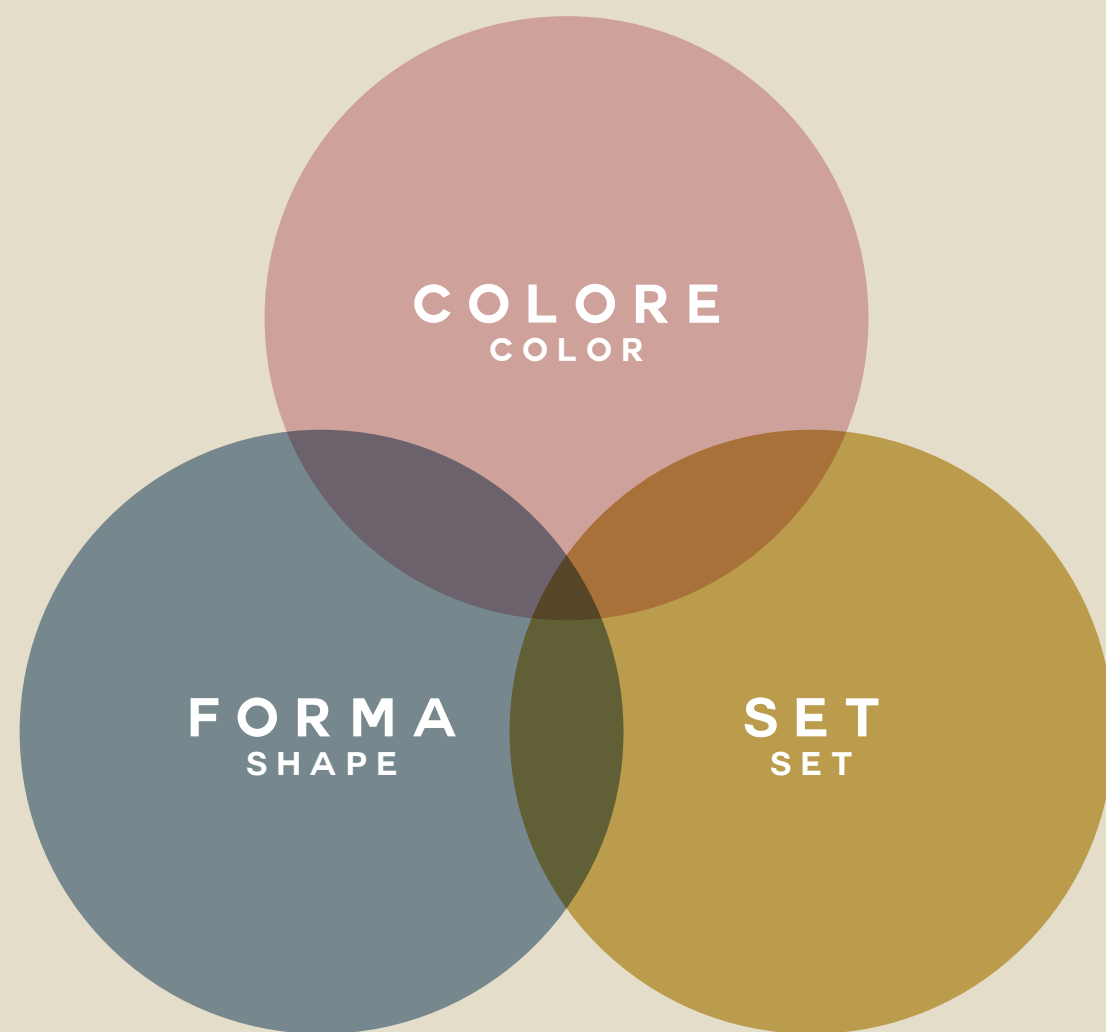

Poliplast was founded in 1970 from the intuition of Narciso Bevilacqua, who revolutionized the industry by introducing polymers into furniture accessories. After more than fifty years, that passion continues to drive the design of knobs, handles, and feet that blend functionality with emotion.

With the modern collection, Poliplast offers solutions that meet the market's stylistic, functional, and production needs. We provide versatile designs for various environments and aesthetic preferences, ensuring quality and innovation.

We hope you find the perfect solution among our proposals.

Happy searching!

DESIGN

FOCUS ON

FOCUS ON

Nel panorama industriale italiano degli accessori per arredamento, Poliplast rappresenta un punto di riferimento sicuro per gli operatori del settore - progettisti e produttori - che necessitano di una gamma completa di forme, colori e set di accessori per creare soluzioni d'arredo coordinate, di tendenza e dal design contemporaneo.

Poliplast is a trusted reference point in the Italian industrial landscape of furniture accessories, serving designers and manufacturers who seek a comprehensive range of shapes, colors, and accessory sets to create coordinated, trend-driven, and contemporary design solutions.

COLORE

Tra le più complete nel mercato, la palette colori Poliplast permette un'ampissima scelta di tinte e tipologie di finiture per la caratterizzazione degli articoli del catalogo.

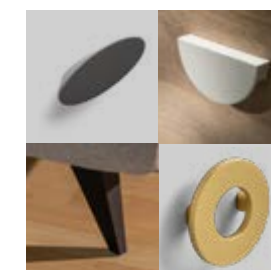

One of the most comprehensive on the market, Poliplast's color palette offers an extensive range of shades and finishes to customize the catalog items.

FORMA

I pomoli, le maniglie, i piedini e gli accessori Poliplast sono disponibili in un'ampia varietà di forme, dimensioni e funzionalità.

Knobs, handles, feet accessories Poliplast are available in a wide variety of shapes, sizes, and functions.

SET

L'abbinamento creativo tra forma e colore permette ai progettisti di creare set completi di accessori con il quale coordinare esteticamente e in modo totale arredamenti di qualità.

The creative combination of shape and color allows designers to create complete accessory sets that can aesthetically and seamlessly coordinate high-quality furniture.

COMPANY

PASSIONE ITALIANA ITALIAN PASSION

La nostra passione si riflette in ogni fase del processo: dalla selezione dei materiali alla progettazione, dalla produzione al controllo qualità.

Da sempre realizziamo i nostri prodotti in Italia, valorizzando il "made in Italy" con un design curato e una qualità senza compromessi.

Collaboriamo con designer specializzati per creare soluzioni innovative e accessibili, unendo tecnologia e attenzione ai dettagli.

Il costante aggiornamento della gamma ci permette di offrire modelli adatti a ogni spazio d'arredo.

Ogni nostro prodotto esprime il meglio del design italiano, con forme accattivanti e volumi studiati per un utilizzo intuitivo e naturale.

We put passion into everything we do: from the selection of the materials to the design, from the production to the quality control.

We have always designed and produced in Italy, ensuring an added value of design and quality, cooperating with specialized designers and preserving the "made in Italy" value in the world.

A high quality level, an ongoing technological innovation and a competitive price are the necessary ingredients to offer a high quality and refined Poliplast product.

The range of Poliplast products is constantly updated and expanded, and the models are designed to match any kind of location.

COMPANY

ALL MADE IN ITALY

Gli stabilimenti produttivi di Poliplast si sviluppano su una superficie di 4.500 m² dove sono attive 16 presse a iniezione a funzionamento robotizzato, un reparto di verniciatura interamente automatizzato e un sistema robotizzato per l'immagazzinamento e il carico degli stampi.

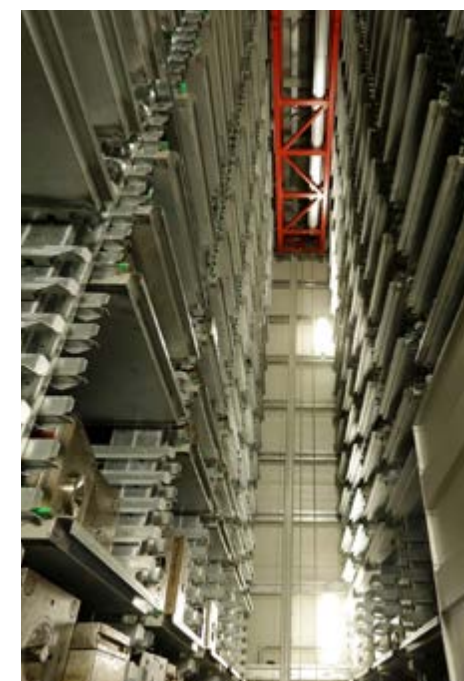

Tutta la produzione viene stoccata in un magazzino all'avanguardia di 2.500 m² interamente automatizzato.

The Poliplast factory is located in an area of 4,500 m² with 16 robot-operated injection presses and a fully automated painting department.

All the items are then stored in a fully mechanized 2,500 m² warehouse.

A modern and renewed internal showroom offers our customers the opportunity to view and touch all Poliplast products and finishing.

ESPERIENZA

KNOW HOW

Intuizione, visione e passione di famiglia: sono queste le caratteristiche che in 55 anni di attività hanno portato Poliplast a diventare azienda di riferimento nella produzione di accessori in plastica per l'arredamento. Sono gli anni 70 quando Narciso Bevilacqua decide di investire in un materiale destinato a diventare parte integrante e imprescindibile nella produzione di pomoli, maniglie e accessori di qualità, pratici e di design.

Intuition, vision and family passion: the values which - over the course of the last 50 years or so in business - have helped Poliplast become a reference company in the plastic furnishing accessory sector. In fact, it was back in the 70s that Narciso Bevilacqua - the company's founder - first decided to invest in a material destined to become an integral and essential part of the company's manufacture of high-quality, practical and designer knobs, handles and accessories.

1970

Narciso realizza il sogno di costruire uno stabilimento produttivo a Ormelle (TV).

Narciso realizes the dream of building a production plant in Ormelle (TV).

1980

Negli anni '90 Poliplast amplia la produzione, il magazzino e la gamma prodotti, mentre il personale cresce fino a 40 operatori.

In the 90s Poliplast expanded its production, warehouse and product range, while its staff grew to 40 employees.

Narciso Bevilacqua fonda la Poliplast, avviando in una cantina la produzione di componenti in plastica per arredamento.

Narciso Bevilacqua founded Poliplast, starting the production of plastic components for furniture.

1975

Negli anni '80 Poliplast cresce con ampliamenti di stabilimento e nuovi dipendenti. Espande l'export in Europa dell'Est.

In the 80s Poliplast grows with expansions of facilities and new employees. Exports expand to Eastern Europe components for furniture.

1990

2000

Nonostante la crisi del 2009, Poliplast cresce, raggiungendo i 40 milioni di pezzi prodotti all'anno. Adotta una visione green ricorrendo al fotovoltaico per alimentare gli stabilimenti produttivi.

Despite the 2009 crisis, Poliplast grows, reaching 40 million pieces produced per year. It adopts a green vision by using photovoltaic to power its production plants.

All'inizio del 2000 Poliplast espande i mercati raggiungendo ben 39 paesi, investe in innovazione collaborando con designer specializzati per lo studio dei prodotti.

At the beginning of 2000 Poliplast expanded its markets reaching 39 countries, investing in innovation by collaborating with specialized designers for the study of products for furniture.

2010

2020

Oggi Poliplast affronta le sfide della globalizzazione intensificando la presenza in fiere internazionali, continuando così a esportare valorizzare il Made in Italy in tutto il mondo.

Today Poliplast faces the challenges of globalization by intensifying its presence at international fairs, thus continuing to export Made in Italy throughout the world.

Gli anni 20 sono gli anni dell'innovazione tecnologica tramite l'automazione della produzione e dei magazzini e la digitalizzazione dei processi gestionali.

The 20s are the years of technological innovation through the automation of production and warehouses and the digitalization of management processes.

ADAPTA

Dall'incontro tra la flessibilità creativa di Poliplast e le potenzialità dei polimeri nasce Adapta: un set di maniglie essenziali ed eleganti, capace di adattarsi a ogni esigenza d'arredo anche grazie alla versatilità offerta dalla doppia finitura.

Adapta stemmed from Poliplast's creative flexibility and the as-of-yet-unexplored potential of polymers: a set of handles with essential, elegant lines that are able to satisfy every furnishing need, thanks to the double-finish option.

PRATICHE
PRACTICAL

Coniugando estetica ed ergonomia, le maniglie della serie 300 sono la scelta ideale per gli ambienti domestici dove la praticità d'uso e la solidità sono essenziali.

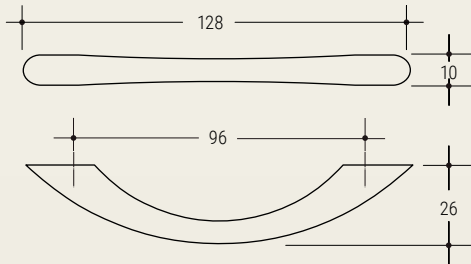

Combining aesthetics and ergonomics, the handles of the 300 series are the ideal choice for domestic environments where ease of use and durability are essential.

NUMBERS

Oltre a svolgere la funzione di maniglia, i modelli Numbers possono essere utilizzati anche come elementi segnaletici in ambienti comunitari come spogliatoi, uffici, ospedali e simili.

In addition to serving as handles, the Numbers models can also be used as signage elements in communal environments such as locker rooms, offices, hospitals, and similar settings

SOFT

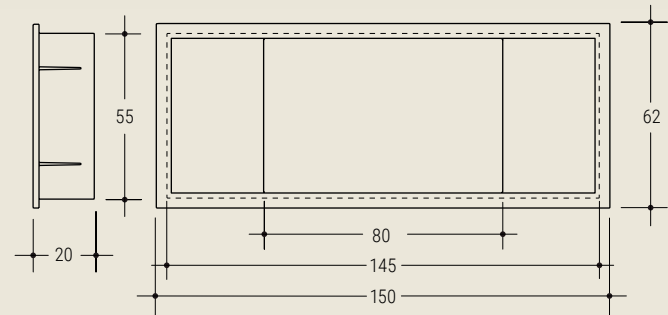

I passacavi 913 e 914 sono composti da due materiali costampati. La parte rigida dona resistenza e durata nel tempo al passacavo, mentre la parte in gomma morbida rende facile ed agevole il passaggio dei cavi.

The 913 and 914 cable glands are made of two co-moulded materials. The rigid part gives resistance and durability to the cable gland, while the soft rubber part makes the passage of cables easy and convenient.

911
150x62 h 20
VE | VS | VG | GA | MT | SP

Disponibili in diverse colorazioni, i passacavi Poliplast aggiungono un tocco di creatività e stile all'ambiente ufficio.

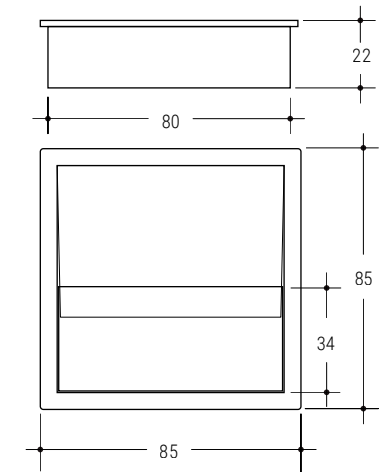

Available in a variety of colors, Poliplast cable grommets add a touch of creativity and style to the office environment."

Per motivi tecnici di riproduzione tipografica non è possibile garantire la perfetta corrispondenza delle tinte rappresentate in questo stampato.

Si suggerisce quindi di controllare l'apposito campionario finiture e colori.

Al fine di migliorare la qualità dei prodotti, Poliplast si riserva, a proprio insindacabile giudizio, di apportare modifiche anche senza preavviso.

La riproduzione intera o parziale di testi, grafica e immagini è severamente vietata se non previa autorizzazione scritta da parte di Poliplast.

For technical reasons related to typographical reproduction, it is not possible to guarantee that the colours shown in this publication perfectly match the originals. It is therefore advisable to check the appropriate samples of the finishes and colours.

For the purposes of improving the quality of the products, Poliplast reserves the right, at its own discretion, to make changes, even without notice.

Reproduction of the text, graphics and images, wholly or in part, is strictly forbidden, except with the written authorisation of Poliplast.
